

----- GENERAL NEWS -----

Hi All

The new Klaus Schulze - *Silhouettes* is announced,
It will be released on the 25th of May.

Klaus Schulze - Silhouettes (digipak) (cd)

Klaus Schulze - Silhouettes (2 LP + CD) (2-lp)

2 versions and there is also a very special edition, we are finding out what that is.

"" Following the celebrations of his 70th birthday in August 2017, Klaus Schulze, one of the most important electronic music artists worldwide, has announced the release of his new studio recording *Silhouettes* for May 2018. The four pieces 'Silhouettes', 'Der lange Blick zurück', 'Quae simplex' and 'Châteaux faits des vent', which he worked on between summer and autumn 2017, are just as expansive in terms of playing time and artistic vision as we've come to expect from Schulze's work. According to the internationally highly respected musician, composer and producer, the new material reflects – due to health problems – a very quiet and for this reason very meditative time. Schulze describes the music on *Silhouettes* as a "reduction to the essential things" and has consciously worked only very sparingly with solos and vocal elements. He explains: "No great distractions, nothing to force your attention in a certain direction, no major effects or gimmicks, no frills or dominant rhythms. It was important to me to paint the pictures in the depth of the space, the sonic fields of tension and atmosphere." Since the early 1970s, Klaus Schulze has repeatedly been referred to by the press as "King of Cosmic Music" or "Magician on the Big Moog", his work frequently having been classed as a "monument of forward-looking music". Along with his great talent for innovation, Schulze is also considered to be one of the most productive artists of his time. Experts estimate the number of releases featuring Schulze to be at least 200, but more probably 500.""

Wavestar - Wavestar live UKE 1985 (cd)

WAVESTAR: LIVE AT UKE 1985 (1st Time on CD for Archive Recording / Gatefold Card Sleeve)

1st time on CD for archive recording of the original line-up in performance at UKE 1985 where the band brought the house down with their debut 'live' performance!

Hot on the heels of 2018's release of the WAVESTAR II: 'Nightwinds' - CDS Towers' current # 1 Album - comes this rare archive recording of the original WAVESTAR line-up in performance at the UK Electronica in 1985. WAVESTAR first came to the attention of Synth Music fans via Denis and Jeanette Emsley, two of the UK's main EM supporters who ran the cassette-based magazine: 'Inkeys' and Lotus Records in Newcastle-Under-Lyme, the EM mail-order firm run by Andy Garibaldi in the early 80's.

As well as being instrumental in bringing bands like WAVESTAR to the attention of the record buying public, Andy G was also heavily involved with the Emsleys in running 'UK Electronica', an annual day-long Electronic Music festival - an event where fans could experience music from artists and bands involved in the genre that they would not otherwise get a chance to see, as well as enjoy music retail stands selling EM titles that were only ever available via mail-order and could not be found in any "normal" record shop.

This WAVESTAR performance captured at UKE Sheffield University on Saturday, August 24th 1985 was their first exposure to a 'live' audience, so many did not know what to expect, but by the end of the show the whole place was won over by the exciting new music they had just heard that seemed to bundle strong melody and "Berlin School" sequencing into one mighty glitter ball scintillating synth music! The set featured tracks from the duo's first two cassette releases: 'Mind Journey' (1984) and 'Zenith' (1985) and includes a rousing rendition of the track that was to become the bands iconic anthemic encore piece: 'Time Node'.

The core WAVESTAR duo on stage was John Dyson (guitar / keyboards) and Dave Ward-Hunt (sequencing / keyboards), and they were joined on stage for tech/fx help from Tim Dyson (John's nephew) and Shaun D'Lear, a friend who went on in later years to assist as a member of John Dyson's band for his solo concert performances.

From there on it was somewhat of a meteoric rise to fame for WAVESTAR throughout the late 80's Electronic Music scene, culminating in their signing to US based Record Company: Jem / Passport Records. The label's electronic music imprint: Audion, run by Larry "Synergy" Fast, was to be the first to release WAVESTAR's classic 3rd album 'Moonwind' internationally in 1987, and on three formats: LP, CD and Cassette!

Everyone who owns the three 80's WAVESTAR albums and the recent WAVESTAR II comeback album will want to own this amazing piece of early "warts and all" UK Electronic Music history.

'Wavestar Live At UKE 1985' comes in a Gate-fold Card Soft-Pak and is released on the 11th of May 2018.
