CD News!

The new release of the Groove GR-1000 series is by Synchronized called Galaxy

It took some time to get to issue 1005 because we can only get out the

next issue when the investments of the earlier ones are in but I am happy that we

will have issue 1005 ready for you for the concert on the 4th in Best!!

GR-1005 - Synchronized - Galaxy

Synchronized is the Dutch musician Francois ten Have

Release date is March first 2017

<http://www.groove.nl/cd/g/gr-1005.html>

At the age of 13 he discovered his first hobby-computer. This instantly got his full attention and he explored it's possibilities and every available language at that time. It was then that he learned to program computers. Personal Computers were not yet available at the time and when they came they simply were too expensive. Later he did his Electronics education and that was a great way to combine the two of his hobbies. He started to work as an electronics developer, designed and programmed many hardware devices in the field of home and business security appliances. Today he works as a programmer for a software company in the Netherlands.

As a child, music always had his attention. So you could always find him lying in front of a radio with a tape recorder. Recording yet another cassette. "This love for music was something my parents gave to me. In our home there was music all the time. Collecting it was one of my biggest hobbies."

"The dream of making his own music has always been there, but he did not start doing this until 2013. And it was a big surprise to hear that de Shallwende included a track on their Schallplatte. He even got a nomination for best newcomer, ending third on the list. In the two years after that, new tracks were included on the next Schallplatte releases."

Now 2017, Groove Unlimited is proud to release this very first CD by Synchronized called Galaxy.

Here some more info on the Special GR-1000 Series!!

The Groove GR-1000 series editions!!

The GR-1000 series are printed CD's (NO CDR!!) with a wallet (Cardboard) as cover. This makes them easy to ship, and less expensive to produce because we can limited to 300 copies..

We will offer these CDs for only € 11.75.

But we have something special for these, you can subscribe to the GR-1000 releases. And when you do then you get them for only € 8.90 !! That is less then most downloads!

The game is that you take all releases of the GR-1000 numbers until further notice!. Be assured these GR-1000 CD's will contain GREAT music with known but also unknown artists.

Just to give you an idea, the coming artists on this series are Serge Devadder, Martin Peters, Ron Boots and some exciting new names like The Heisenberg Compensators!!

You can always stop a subscription but then you are not allegeable for the discount for the next 3 releases!! We hope to introduce through this way good Electronic musicians and music that would normally never have the chance to release a real CD and the possibility to get support from a label like Groove because of the normal costs!! If you want the subscription for the GR--1000 serie just mention this with your order for one!

-----RON BOOTS LIVE AT THE GATHERINGS IN THE USA -----

Ron Boots - 18 March 2017

I am proud to announce my very first concert in the USA!!

I want to thanks Chuck van Zyl for his invitation and this oppertunity!!

I hope to for the very first time meet the EM scene in the USA.

<http://www.thegatherings.org/2017.html>

Ron Boots is among the most engaging Electronic Musicians to ever

export music from The Netherlands. Since the late 1980s, his work has been rooted in the Berlin School, yet reaches far beyond the basic fundamentals of the genre. Combining elements of Contemporary Instrumental, film soundtracks and Spacemusic, Boots' music moves easily between the mainstream and the cosmic.

Along with many noted albums, concerts and collaborations, Ron Boots has also been an encouraging force to a myriad of emerging artists. His record label, Groove Unlimited, and music festivals, E-Live and E-Day, have overseen the production of numerous significant releases and concert events.

An avid concert performer, Ron Boots at last makes his solo Stateside debut - in Philadelphia at The Gatherings Concert Series on Saturday 18 March 2017

81047 - Jos d'Almeida – Awaken (German TXT)

(69:45, CD, Eigenproduktion, 2014/2016)

Nach dem kürzlich hier besprochenen aktuellen Album des portugiesischen Musikers Jos d'Almeida folgt die Vorstellung des vorangegangenen Albums. Ähnlich kurz auch hier der Titel: „Awaken“, was aber nicht bedeutet, dass man mit einer Coverversion des Yes-Klassikers rechnen darf. Die Erstauflage des Albums erschien 2014, die Songs selbst stammen aus der Zeit von 2010 bis 2012.

Zwölf Songs mit Spielzeiten zwischen gut drei und gut zehn Minuten werden geboten, die den Freund melodischer elektronischer Musik ansprechen dürften. D'Almeida mischt hier relaxte Nummern und Berliner-Schule-beeinflusste Songs bunt durcheinander, im Vergleich zum Nachfolger ist die Stilvielfalt einen Tick ausgeprägter. Es kommen speziell einige Ethno-Einflüsse hinzu, die es so auf „Aether“ nicht zu hören gibt. Bei manchen romantisch-verträumten Nummern ist der Synthi-Sound eine Prise zu süßlich ausgefallen, dem stehen teils etwas sperrigere, von World Music und Ethno-Elementen durchsetzte Titel gegenüber. Freunde der Berliner Schule dürfen sich an Songs wie „Anna“ erfreuen, der wie eine Mischung aus Tangerine Dream und Vangelis klingt.

GR-229 WALTER CHRISTIAN ROTHE: Let The Night Last Forever (2016)

When we speak about timeless classic in EM, we have to slide this album at the top of the list. I was lucky to put my hand on it when it was released back in 1985. EM knew then a major bend. Its craftsmen tried to influence the kind towards a more accessible approach, abandoning the long pieces of music for more melodious structures with the use of the digital synths and/or a wide range of samplings. This period of transition left us all the same in inheritance some very good albums. "Let The Night Last Forever" from Walter Christian Rothe is one of them. Some people will say, and I am one of them, that this 2nd album of the Belgian musician is the precursor of this dark and poetic EM where reign a sordid atmosphere of horror. There were well some albums of Mark Shreeve, but none had this very theatrical touch, and nevertheless very melodic, but "Let The Night Last Forever". This album of which the time has never succeed to buried in the oblivion (I transferred the album onto a mini--disc and then the mini--disc on CD-r) sees finally the day, thanks to the Groove NL label, in a beautiful reedition which includes 2 titles in bonus and a lot of infos. Angels' horns announcing the end of time knock out our senses at the opening of "Intro + Dawnfall". On a fascinating aria of funeral procession, the solemn walking of "Let The Night Last Forever" overture hammers as much our curiosity as our interrogation. What kind of music is it? Lugubrious and nevertheless melodic, this introduction hears out these horns get out of breath while percussions, sequences and a pulsating line of bass establish a slow rhythm but a surprising lively one. We put back our senses in place that this luxurious melody, which will haunt you from the first listening, plunges the listener into a charming musical universe with an assortment of sound effects and unusual noises which add a dimension of bewilderment and of surprise and to "Intro + Dawnfall" and to all this 2nd album of Walter Christian Rothe. "The Next Leaf" follows with a delicate lullaby, I would even say a bed song settled on the harmonies of a small carousel where shiver musical chords in the coldness of the void. These keyboard chords roam with their tones as dark as polyhedral, like a fight of stars where the winner remains the emptiness. The influences of Vangelis turn up here with effects of voices and whispers which redirect "The Next Leaf" towards the nocturnal cradle of "Let The Night Last Forever". The sumptuous dance of tea is another small jewel which coils up so easily to the bottom of our eardrums. Imagine an old baroque dance where the dancers make some low bows face-to-face on Latin harmonies, and you have the very beautiful atmospheres of "Tea-Dance". A pure delight! "Sahara" carries its title marvellously. It's an arid music full of sound mirages with a synth, once again soaked with a Latin perfume, which spreads its melody like we throw a veil in the wind. We can't get out of it! The

charms of this album are just eating us piece by piece. We stay in the field of music for ambiances with the fine jerks of "Death". Synth layers are caressing this spasmodic orchestral procession whereas sound effects and metallic percussions tickle a fascinating melody whistled by a synth in mode charm. It's very good. Too good! And it's the drama of "Let The Night Last Forever". We got up in order to turn the vinyl for Face B, that we changed idea and we replay instead Face A. Nevertheless, the Face B is not that bad and re edited in a CD format here, we have now the opportunity to listen to it and to reveal thus the behinds the scene of Face A, because everything turns around that. With its rhythm of electronic rock arisen from the MIDI sound, "Radio" reveals another likely facet of Dawnfall, but in a more pop envelope of the New wave years. "Verena"? One would say a roommate of "The Next Leaf" in less melodious and much darker. If we perceive some influences of Vangelis, they are clearly more omnipresent on "Hymn", a title of intense ambiances with beautiful lento movements of orchestrations. There is a little of "Death" here as also a lot of perfumes of Blade Runner. The title-track loops the loop of an intense album with a kind of sound mosaic which drinks mainly from the first 45 minutes of "Let The Night Last Forever". The rhythm is soft. Filled of percussive effects, it walks slowly with a dense sonic coat of very lugubrious orchestrations and ends with these clarions of angels which had made us shiver at the opening. Like if Walter Christian Rothe wanted to give us a simple reminder of a grand work which gave to EM a new sphere to explore. This new version comes with 2 bonus tracks among which "Music for KLEM" recorded at the same time. The tone is very old with gargantuan organs, the source comes from the 1986 KLEM Jubilee MC, but the very theatrical ambiances of the album; the slow rhythm, the explosions and the effects, are well represented here. "El Tiempo" is a small rather symphonic sweetness with a clearly more advantageous tone. It's a kind of ode for Elfs, which appeared on the KLEM Jubilee CD of 1989, with moments that make you raise the hairs of the back. Orchestrations, as much the softs as the explosives, are in the heart of a music which drew its roots from the very magnificent "Let The Night Last Forever". An inescapable in this astonishing universe of EM!

=====**Groove info**=====

If you missed the last E-News issues they are ALL also on-line!!

<http://www.grooveunlimited.nl/>

===== GROOVE DOWNLOADS =====

You can find them as MP3 and FLAC releases.

<https://shop.groove.nl/>

Easy to order and download!!

And we have also started to get them online to Band Camp.

<https://grooveunlimited.bandcamp.com/>

Some are already on it and we are daily adding a few.

===== Where to get Groove =====

As all know you can get all Groove titles on our website www.groove.nl

And for those who like to buy the music as a download we have of course the following outlets:

Most Groove releases are also available as Downloads on the Groove Download page.

Go to <https://shop.groove.nl/> and shop around,

But there are also releases by many other artists among them John Kerr, Remy.

For those who are a customer of CD Baby we have also a lot of titles there for in their program and we try to keep up with the stock there..

And they are also available through I-Tunes and Amazon downloads!

These have been added this year.

Groove is now also on Bandcamp.

The last months we have added new titles and we are adding them daily if the time allows!

<https://grooveunlimited.bandcamp.com/>

You can now order from bandcamp and I hope to add new titles fast!!
