

[Groove] E-News 1281 30th April 2022

Dear EM fans!!

With a sorrow heart I am writing this E-News.

Klaus Schulze who still is and always will be one of the biggest influences in my music passed away th

Since 1976 when at the age of 13 I first heard his music (the album Blackdance) I have been mesmeris

But I had 2 great talks with him, once when I got the chance to buy his Memory Moog. That day Kees A

Klaus has gone now to the stars and that sucks!!

And that while we are all waiting on the latest release he created for the Epos "Dune" but in the meantime

Hometown gigs are pretty rare events. I've been working on trying to drum up some more local interest

I prepared a set based around my Nord Modular G2, a machine that never fails to impress. Two complete

In the week leading up to the gig I played the set through several times, finding the tricky bits and getting
